

Wind Energy Sector

Places where some of our parts are used...

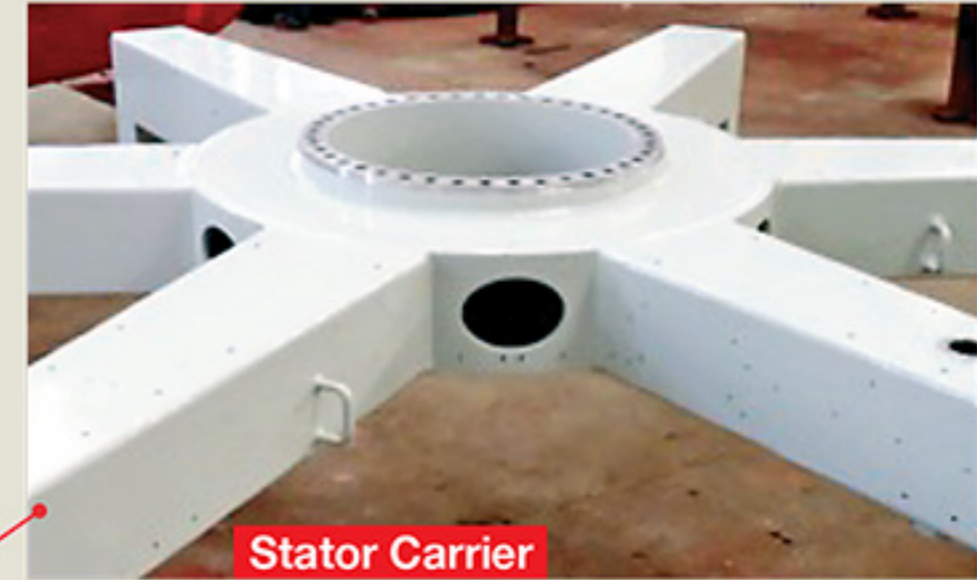

Axle Pin

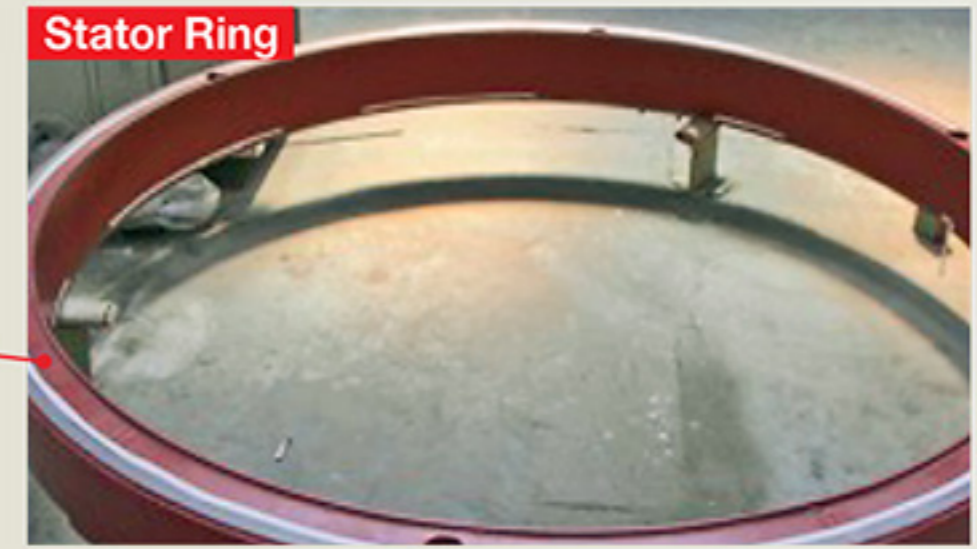

Main Carrier

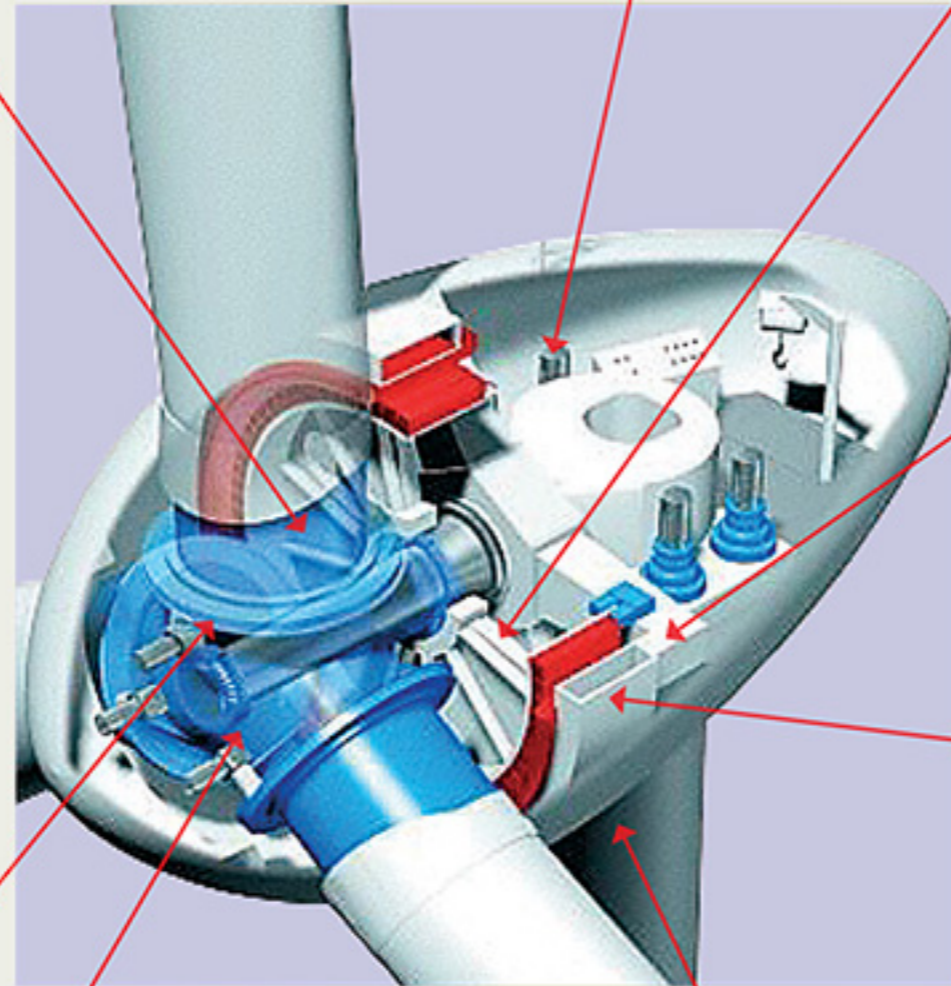

Disc Rotor

Stator Carrier

Stator Ring

FAST FACT

26%

Total value of the windmill that comes from the wind turbine tower.

FAST FACT

5

India's rank in 2012 representing the world's installed wind energy capacity.

Blade Adaptor

Rotor Hub

Windmill Tower

Our engineering division's 3,000 sq. metre windmill tower manufacturing unit began in March 2012 with state-of-the-art facilities of world-class columns and booms, rotators, submerged arc welding (SAW) machines, etc.
